**c. TRADOC Executive Safety Council VTC.** TRADOC CG will host the TRADOC Executive Safety Council VTC on 281415Q Apr 10. FRAGO 37 (Weekly, 12 APR 10) to OPORD 004-10 (USAFCOEFS FIRES CAMPAIGN PLAN FY10)

workload TRADOC will schedule BCT at 200 to 220 (200 Oct thru mid-May and 220 mid-May thru Sep) effective 01 Oct 10. Since projected shipper rates are not perfect in managing arrivals it is possible that actual arrivals for a BCT start will exceed 220. ATC Commanders are authorized to approve fills up to 230 in order to manage holdunder populations, however, the decision to fill above 230 will be referred to DCGIMT. TRADOC POC is Mr. Bill Long, Comm: (757) 788-4449 (DSN 680), [william.long14@us.army.mil](mailto:william.long14@us.army.mil).

**e. Manpower Requirements to Expand Basic Officer Leader Course – Branch (BOLC-B) Capacity.** The FY10/11 average wait time for Cadet Command Lieutenants to begin BOLC-B has increased to 135 days. Schools are to assess their ability to increase BOLC-B capacity with only an increase in instructors. The intent is to obtain additional instructors from the Reserve Components through mobilization or ADOS funding. Schools submit incremental class capacity increases and required manpower to expand to Training Operations Management Activity (TOMA) NLT 15 APR 10. Specific guidance on reporting manpower requirements and estimated changes to class capacity was provided separately via email to the branch schools by TRADOC G-3/5/7, TOMA. POC is Mr. Lucien Lafrenaye, TOMA, Comm: (757) 788-2266 (DSN 680), [Lucien.Lafrenaye@us.army.mil](mailto:Lucien.Lafrenaye@us.army.mil).

**f. CIED Training Implementation VTC with DCGs.** MSCoE will host a CIED Training VTC with DCG CAC, DCG IMT, CG USAAC, USASMA, and CoEs/Cmdts on 19 APR 10, 1030-1230 EDT. The purpose of the VTC is to review latest school CIED Training implementation plans. Additionally, each Cmdt/CoE will brief TRADOC senior leaders and gain approval for each level of CIED core curriculum training prior to the 28 Apr 10 TSM. The major discussion topics are:

- (1) A final lay down of the Common Core CIED tasks that will be implemented into the POIs of each level of IMT/PME.
- (2) A by branch and level of PME list of approved exceptions to NOT TRAIN any of the tasks listed in the "Common Core by Exception" category.
- (3) A suspense date for implementation for each specific course.
- (4) Any resources required for implementation.

**g. TRADOC Instructor of the Year Competition.** The Fires Center of Excellence is participating in the annual TRADOC Instructor of the Year competition for local nominees. The Air Defense Artillery School and the Field Artillery School will have separate competitions and submissions to TRADOC. Other FCoE organizations with instructors (JACI/434 FAB/QAO/+) will be integrated into the selection board process of either the ADA or FA School. The winners from these two competitions will compete in the TRADOC 2010 Instructor of the Year competition. An IPR is scheduled with all IOY POCs 28 Apr 10 in Gaffey Hall Conference room at 1000.
